Solid State Relay - Page 1 of 1

Fiig: A513k0

View Online at https://aerobasegroup.com/nsn/5945-01-593-1912

End Application:
2355-01-567-4930
Special Features:
Flux tight enclosure style; 2700 ohms resistor in parallel; single pole double throw; 24v = 49.6 rated current at 23 degrees celcius = 483 coil
resistance; operating temperature range -40 to +155 degrees celcius; insulation resistance 20mohms mi (dc 500v)
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
