Features Provided:

Automatic reset and manual reset button

Product Name:

Thermal overload relays

Special Features:

Screw terminal; class 10; setting range is 30.0 to 43.0; control circuit up to 690v ac; power circuit up to 1000v; thermal protection against normal overloads; 3 pole differential (phase unbalance protection); automatic ambient temperature compensation between neg 25 degrees c y and 60 degrees c pos; front mounted test button; trip indication; independent auxiliary contacts with double rupture

Terminal Type And Quantity:

3 tab w/screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500I0
