Overall Length:
3.940 inches
Overall Height:
1.560 inches
Overall Width:
2.890 inches
Current Rating:
50.00 amperes output
Special Features:
520vac; 480vac line voltage; 3-phase; ac or dc control; internal output protection; control led; zero-cross window for low emi; for all types
of lads; output protection; optical isolation; mov
Terminal Type And Quantity:
6 screw
Shelf Life:
N/a
Unit Of Measure:
-
Demilitarization:
No
Fiig:
A513k0
