Overall Length:

3.940 inches

Overall Height:

1.560 inches

Overall Width:

2.890 inches

Current Rating:

50.00 amperes output

Special Features:

520vac; 480vac line voltage; 3-phase; ac or dc control; internal output protection; control led; zero-cross window for low emi; for all types of lads; output protection; optical isolation; mov

Terminal Type And Quantity:

6 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513k0
