Overall Length:

3.0 inches

End Application:

Wiper, stbd wi

Main Contact Maximum Voltage Rating In Volts:

12.0 dc

Product Name:

Starter solenoid

Special Features:

One wire lead has a terminal ring finished end and the other wire lead is finished with a quick connect pin.

Terminal Type And Quantity:

2 wire lead all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
