#### **Overall Length:**

3.0 inches

# **End Application:**

Wiper, stbd wi

# Main Contact Maximum Voltage Rating In Volts:

12.0 dc

## Product Name:

Starter solenoid

#### **Special Features:**

One wire lead has a terminal ring finished end and the other wire lead is finished with a quick connect pin.

## Terminal Type And Quantity:

2 wire lead all functions

Shelf Life:

N/a

#### Unit Of Measure:

---

#### **Demilitarization:**

No

#### Fiig:

A03300
