**Main Contact Load Current Rating At Maximum Rated Voltage:**

5.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

3.5 dc and 32.0 dc

**Special Features:**

Input/output module; bi-polar transistor output; output voltage -3-60 vdc; 5a output current

**Terminal Type And Quantity:**

4 screw energizing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
