Main Contact Load Current Rating At Maximum Rated Voltage:

5.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

3.5 dc and 32.0 dc

Special Features:

Input/output module; bi-polar transistor output; output voltage -3-60 vdc; 5a output current

Terminal Type And Quantity:

4 screw energizing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
