Environmental Protection:

Shock resistant and vibration resistant

Frequency In Hertz:

1800.0

Main Contact Load Current Rating At Maximum Rated Voltage:

25.0 amperes ac inductive load

Main Contact Maximum Voltage Rating In Volts:

12.0 dc

Special Features:

Silver alloy contacts; 72 ohm coil resistance; 2 watt power consumption

Precious Material And Location:

Contacts silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
