Overall Length:

2.18 inches

Overall Height:

2.2 inches

Overall Width:

1.06 inches

End Application:

Relay panel

Coil Quantity:

1

Duty Type:

Continuous

Arc Quenching Method:

Air

Mounting Facility Type And Quantity:

1 bracket first mounting facility

Main Contact Maximum Voltage Rating In Volts:

690.0 ac

Auxiliary Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes ac inductive load

Product Name:

220vac control relay

Terminal Type And Quantity:

6 screw contacts and ground

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
