End Application:

2320-01-595-3994

Product Name:

Solenoid, proportion

Special Features:

Characteristics: 24 vdc, 75 hz; spool type, pulsar solenoid valve, with low temp seals; solenoid is same as standard pulsar solenoid except standard o-rings are replaced with 2 each low temperature buna seals, p/n: 2011n304-75, and 1 each p/n: 3906n304-75

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
