End Application:

4120-01-617-1273

Coil Quantity:

1

Duty Type:

Intermittent

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Product Name:

Relay

Special Features:

24 volts, single pole 10 amp, normally open

Terminal Type And Quantity:

8 pin all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
