General Description:

No

C2 turret terminals,	3-hole circular mountin	g flange, body diameto	er 2.00 in, o/a	a diameter 2.50 in,	2300 turns no.	38 wire,	resistance 383
ohms, positive term	inal connects to 28vdc	oower source to act up	oon compass	5			

C2 turret terminals, 3-hole circular mounting flange, body diameter 2.00 in, o/a diameter 2.50 in, 2300 turns no. 38 wire, resistance 383
ohms, positive terminal connects to 28vdc power source to act upon compass
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
