Turn Quantity:
5 single component single winding
Body Length:
0.688 inches
Body Outside Diameter:
0.625 inches
Inclosure Type:
Open
Mounting Method:
Terminal single group
Winding Conductor Size:
0.06408 inches american wire gage single component single winding
Special Features:
Single layer wound type
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
