Reliability Indicator:

Not established

Coil Form Type:

Solid single component

Body Length:

0.429 inches

Body Outside Diameter:

0.250 inches

Inclosure Type:

Fully enclosed

Mounting Method:

Terminal single group

Precious Material And Location:

Plate surface silver

Precious Material:

Silver

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
