Reliability Indicator:

Not established

Turn Quantity:

30 single component 2nd winding

Winding Quantity:

2 single component

Inclosure Type:

Fully enclosed

Mounting Method:

Terminal single group

Winding Conductor Size:

0.00397 inches american wire gage single component single winding

Dc Resistance Rating In Ohms:

59.000 single component 1st winding

Terminal Type And Quantity:

5 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
