Turn Quantity:
4 single component single winding
Body Length:
2.000 inches
Body Width:
0.969 inches
Body Height:
1.344 inches
Inclosure Type:
Open
Mounting Method:
Terminal single group
Winding Conductor Size:
0.08081 inches american wire gage single component single winding
Special Features:
Single layer wound type
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
