Frequency Rating:

50.0 hertz single component and 60.0 hertz single component

Input-output Phase Relationship:

Single phase to single phase single component

End Application:

Generator, hydrogen, electrolytic, stuart m-28

Winding Power Rating:

0.4 k1lovolt-amperes single component all primary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
