**Frequency Rating:**

50.0 hertz single component and 60.0 hertz single component

**Input-output Phase Relationship:**

Single phase to single phase single component

**End Application:**

Generator, hydrogen, electrolytic, stuart m-28

**Winding Power Rating:**

0.4 k1lovolt-amperes single component all primary

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
