Reliability Indicator:

Not established

Coil Form Type:

Solid single component

End Application:

Paircraft, prowler ea-6b, hornet f/a-18, intruder a-6e, viking s-3b; support equipment, b-52, f-15; guardrail (systems 1-4), general purpose electronic test equipment gpete, integrated underwater surveillance systems

Inclosure Type:

Fully enclosed

Mounting Method:

Terminal single group

Criticality Code Justification:

Feat

Special Features:

Weapon system essential

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A058b0
