Reliability Indicator:

Not established

Coil Form Type:

Air wound single component

End Application:

Aircraft, tomcat f-14

Inclosure Type:

Open

Mounting Method:

Clinch nut single group

Precious Material And Location:

Coil surface silver

Precious Material:

Silver

Terminal Type And Quantity:

1 solder stud and 1 connector, plug

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
