Body Diameter:

2.563 inches

Body Length:

2.313 inches

Mounting Configuration:

Mounts w/three holes 9/64 in. Dr through 1/4 in. Counter bore 1/16 in. By 1/64 in. D for side equally spaced on 1.500 dia

Special Features:

Mineral filled molded plastic with chemical dip oxide treatment

Material:

Mineral filled molded plastic

Material:

Plastic

Surface Treatment:

Chemical dip oxide treatment

Fsc Application Data:

Airborne radar navigation set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T23700
