Reliability Indicator:

Not established

Turn Quantity:

5 1/2 single component single winding

Body Length:

0.438 inches

Body Outside Diameter:

0.500 inches

Inclosure Type:

Open

Mounting Method:

Terminal single group

Winding Conductor Size:

0.06408 inches american wire gage single component single winding

Special Features:

Single layer wound type

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
