#### **Turn Quantity:**

4 5/8 single component single winding

#### **Body Length:**

0.719 inches

#### Body Outside Diameter:

0.300 inches

#### Inclosure Type:

Open

#### **Mounting Method:**

Terminal single group

#### Winding Conductor Size:

0.05082 inches american wire gage single component single winding

#### **Special Features:**

Single layer wound type

#### **Terminal Type And Quantity:**

2 wire lead

### Shelf Life:

-----

## N/a

Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

A058b0
