Turn Quantity:

4 1/2 single component single winding

Body Length:

0.625 inches

Body Outside Diameter:

0.234 inches

Inclosure Type:

Open

Mounting Method:

Terminal single group

Winding Conductor Size:

0.04030 inches american wire gage single component single winding

Special Features:

Conductor w/nylon insulation; single layer wound type

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
