**Reliability Indicator:**

Not established

**Turn Quantity:**

3 single component single winding

**Body Length:**

0.781 inches

**Body Width:**

0.188 inches

**Body Height:**

0.500 inches

**Inclosure Type:**

Open

**Mounting Method:**

Terminal single group

**Winding Conductor Size:**

0.03196 inches american wire gage single component single winding

**Special Features:**

Single layer wound type

**Terminal Type And Quantity:**

2 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
