## NSN 5950-00-699-5123

Radio Frequency Coil - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-00-699-5123

Reliability Indicator:
Not established
Turn Quantity:
1 single component single winding
Body Length:
0.562 inches
Body Outside Diameter:
0.500 inches
Inclosure Type:
Open
Mounting Method:
Terminal single group
Winding Conductor Size:
0.05082 inches american wire gage single component single winding
Winding Operating Current:
10.0 amperes dc single component single winding
Special Features:
Single layer wound type
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
