Core Construction:

S0lid single component

Body Length:

1.300 inches

Winding Quantity:

1 single component

Mounting Facility Quantity:

1 single group

Mounting Method:

Flange single group and slot single group

Special Features:

Mounting flange for left channel

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
