Reliability Indicator:

Not established

Coil Form Type:

Air wound single component

Body Length:

0.312 inches

Body Outside Diameter:

0.165 inches

Inclosure Type:

Open

Mounting Method:

Terminal single group

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
