**Mounting Slot Width:**

0.126 inches single group and 0.133 inches single group

**Inductance Rating:**

40.00 microhenries single component single winding

**Body Length:**

1.480 inches

**Body Width:**

0.948 inches

**Body Height:**

1.210 inches

**Maximum Operating Temp:**

130.0 degrees celsius

**Inclosure Type:**

Fully enclosed

**Mounting Facility Quantity:**

4 single group

**Winding Operating Current:**

5.0 amperes dc single component single winding

**Dc Resistance Rating In Ohms:**

0.010 single component single winding

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
