Mounting Slot Width:

0.126 inches single group and 0.133 inches single group

Inductance Rating:

40.00 microhenries single component single winding

Body Length:

1.480 inches

Body Width:

0.948 inches

Body Height:

1.210 inches

Maximum Operating Temp:

130.0 degrees celsius

Inclosure Type:

Fully enclosed

Mounting Facility Quantity:

4 single group

Winding Operating Current:

5.0 amperes dc single component single winding

Dc Resistance Rating In Ohms:

0.010 single component single winding

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
