Reliability Indicator:

Not established

Overall Height:

13.750 inches

Overall Width:

13.750 inches

Winding Operating Current:

55.0 amperes ac single component single primary

Dc Resistance Rating In Ohms:

2.600 single component single primary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
