Reliability Indicator:

Not established

Overall Length:

4.500 inches

Overall Height:

3.670 inches

Overall Width:

3.375 inches

Input-output Phase Relationship:

Single phase to single phase single component

Inclosure Type:

Partially enclosed

Mounting Facility Quantity:

4 single group

Mounting Method:

Foot single group

Terminal Type And Quantity:

18 eyelet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
