## **General Description:**

No

F length 26.710 in,	width 10.820 in,	height 9.800 in; one winding with three screw-type terminals; working voltage	19.5 kv; dc resistance
0.156 ohms; opera	ting frequency 27	to 60 khz	

Filength 26.710 in, width 10.820 in, height 9.800 in; one winding with three screw-type terminals; working voltage 19.5 kV; dc resistance
0.156 ohms; operating frequency 27 to 60 khz
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
