Turn Quantity:
19 single component single winding
Inductance Rating:
0.68 microhenries single component single winding
Core Construction:
S0lid single component
Inclosure Type:
Fully enclosed
Mounting Facility Quantity:
2 single group
Mounting Method:
Terminal single group
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
