Reliability Indicator:

Not established

Coil Form Type:

Air wound single component

Body Length:

0.120 inches

Body Width:

0.062 inches

Body Height:

0.340 inches

Inclosure Type:

Open

Mounting Method:

Terminal single group

Precious Material And Location:

Body silver

Precious Material:

Silver

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
