Overall Length:

1.780 inches

Overall Height:

1.500 inches

Overall Width:

1.490 inches

Input-output Phase Relationship:

Single phase to single phase single component

Inclosure Type:

Fully enclosed

Criticality Code Justification:

Zzzy

Terminal Type And Quantity:

6 turret

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A058b0
