**Overall Length:**

15.250 inches

**Overall Height:**

12.625 inches

**Overall Width:**

8.625 inches

**Frequency Rating:**

60.0 hertz single component

**Input-output Phase Relationship:**

Three phase to three phase single component

**End Application:**

4920-01-101-3597

**Winding Operating Voltage:**

6.00 ac minor wet single component single primary

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
