Overall Length:

15.250 inches

Overall Height:

12.625 inches

Overall Width:

8.625 inches

Frequency Rating:

60.0 hertz single component

Input-output Phase Relationship:

Three phase to three phase single component

End Application:

4920-01-101-3597

Winding Operating Voltage:

6.00 ac minor wet single component single primary

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
