Center To Center Distance Between Mounting Facilities Parallel To Length:

430.0 millimeters single mounting facility single center group

Center To Center Distance Between Mounting Facilities Parallel To Width:

115.0 millimeters single mounting facility single center group

Mounting Slot Width:

16.0 millimeters single group

Body Length:

480.0 millimeters

Body Width:

145.0 millimeters

Body Height:

365.0 millimeters

Mounting Facility Quantity:

4 single group

Mounting Method:

Unthreaded hole single group

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
