Reliability Indicator:

Not established

Overall Length:

6.875 inches

Turn Quantity:

43 1st component single winding

Overall Height:

0.312 inches

Overall Width:

1.062 inches

End Application:

Cdwq-nx250

Winding Quantity:

1 2nd component

Inclosure Type:

Open

Mounting Method:

Terminal all groupings

Rating Method:

Winding turns 2nd component single winding

Winding Conductor Size:

0.01264 inches american wire gage 2nd component single winding

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
