Reliability Indicator:
Not established
Center To Center Distance Between Mounting Facilities Parallel To Length:
0.375 inches single mounting facility single center group
Inclosure Type:
Open
Mounting Method:
Terminal single group
Winding Conductor Size:
0.04030 inches american wire gage single component single primary
Terminal Type And Quantity:
2 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
