Overall Length:

16.000 inches

Overall Height:

8.625 inches

Overall Width:

13.750 inches

Input-output Phase Relationship:

Single phase to single phase single component

Maximum Transformer Power Rating:

7.5 kilovolt-ampere single component

Winding Function And Quantity:

1 primary and 2 secondary single component

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
