**Input-output Phase Relationship:**

Single phase to single phase single component

**Body Length:**

1.970 inches

**Body Width:**

1.310 inches

**Body Height:**

1.678 inches

**Inclosure Type:**

Fully enclosed

**Winding Function And Quantity:**

1 primary and 3 secondary single component

**Terminal Type And Quantity:**

15 solder stud

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
