**Reliability Indicator:**

Not established

**Input-output Phase Relationship:**

Single phase to single phase single component

**Inclosure Type:**

Fully enclosed

**Mounting Facility Quantity:**

2 single group

**Mounting Method:**

Unthreaded hole single group

**Winding Function And Quantity:**

3 primary and 4 secondary single component

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
