Turn Quantity:

10 all components all primary

Inductance Rating:

0.23 microhenries all components all primary

Coil Form Type:

Hollow all components

Core Construction:

Solid all components

Rating Method:

Winding turns all components all primary

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A058b0
