Reliability Indicator:

Not established

Overall Length:

2.000 inches

End Application:

5865-01-156-046, countermeasure

Winding Quantity:

1 single component

Inclosure Type:

Open

Mounting Method:

Terminal single group

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
