Electrical Coil - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-01-297-6723

Reliability Indicator:
Not established
Inductance Rating:
4.81 henry single component single winding
Frequency Rating:
50.0 hertz single component or 60.0 hertz single component
Inclosure Type:
Open
Dc Resistance Rating In Ohms:
90.000 single component single winding
Winding Operating Voltage:
110.00 ac volts single component single winding
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
