Power Transformer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5950-01-298-7298

Reliability Indicator:

Not established

Body Length:

0.578 inches

Body Width:

0.359 inches

End Application:

0.766 inches **Body Height:**

Nondirectional beacon, receiver model sr115 (ndbsr115)

Inclosure Type:

Partially enclosed

Mounting Facility Quantity:

2 single group

Mounting Method:

Terminal single group

Special Features:

Directional coupler transformer

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A058b0
