Overall Length:

0.695 inches

Overall Width:

0.695 inches

Inductance Rating:

70.00 microhenries single component single winding

Body Length:

0.695 inches

Body Width:

0.695 inches

Body Height:

0.415 inches

Rating Method:

Winding turns single component single winding

Dc Resistance Rating In Ohms:

0.100 single component single winding

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
